

# Physical Education Vision Statement

To equip all our students with everything they need so they freely choose to engage in physical activity in a way that supports them to flourish.

We will know we have achieved this when all students engage in physical activity on an ongoing and regular basis either in and/or out of school.

**We value 3 signs of success:**

1

Activity levels are sustained

2

Activity levels are intentionally increased

3

Activity levels are deliberately decreased for a specific reason
